Finish ----- Light Roughsawn

*** In Stock ***

Product Features

Gentek's quality construction and easy-care features require minimal upkeep. Each panel is solid colour throughout, so it won't chip, flake and blister like painted surfaces. And unlike wood, it won't rot and warp due to moisture.

Simple Upkeep

Dramatically reduce your exterior maintenance because it never needs to be painted. Just rinse occasionally with a garden hose to remove most airborne dust and dirt and restore your siding's like-new beauty.

Investing in Your Home

Not only will it create an enjoyable, worry-free exterior, but will heighten your home's curb appeal as well. And in today's market, a beautiful, low-maintenance finish can greatly enhance the value of your home.

Easy Colour-Match System

Our Colour Clear Through® system makes it easy to find the perfect colour match for your exterior design. This special collection of colours ensures that all Gentek products - siding, soffit, fascia, trim, and rainware - will beautifully match throughout our vinyl, aluminum and steel product lines.

Warranty Coverage

Gentek siding is backed by a Lifetime Limited, Non-Prorated, Transferrable Warranty with hail protection and lifetime fade coverage.
